A HOPE FILLED FAITH DRIVEN MESSAGE

rushtohopeministries@gmail.com - Springfield, Missouri - 417.259.3706

I'm Samantha, the girl next door with a heart for reaching women with biblical truth and a passion for life affirming ministry. As an infertility survivor and adoptive mom I bring a different perspective to the abortion platform. I have been blessed by birth mothers who choose life for my children. I love sharing how our birth mother's crisis pregnancy was my greatest miracle. With light humor and a deep talk I'll bring a life affirming message to your patrons and encourage their generous hearts.

*"everyone who is called by my name, whom I created for my glory, whom I formed and made." -Isaiah 43:7*

I truly believe life is a miracle planned and needed by God. Each father, mother, and baby that enters your organization is wanted.

## Wanted

Life is a miracle and wanted by God. Centered around Isaiah 43, I share my personal story of domestic adoption, meeting our daughter's birth mother, and how having the right person at the right time can help a young mother make a life saving choice for her baby.

"We were especially touched in how she expressed what a blessing the birth-mothers were to her, and how precious they are as individuals. I don't think anyone else could have impressed this point upon our audience any more clearly and lovingly. We are so thankful for her heart for women and children and her passionate message on the infinite value of life."
